Assets: \$160,763

Served 2021

LYDA: 6 women and their families

DIBI: 15-20 High School Students
High School Scholarships: 6

SOROPTIMIST®

Investing in Dreams

Amanda Long is a UC Davis microbiology student (and mother of an eight-year-old) who received a 2022 LYDA grant.

Soroptimist improves the lives of women and girls through programs leading to social and economic empowerment

PROGRAMS

Live Your Dream Awards

The Live Your Dream Award, a signature Soroptimist program, is a cash grant that the club gives to a woman who serves as financial head of household while completing an undergraduate education or vocational /skills training program. The grant is a resource for women to improve their education, skills, and employment prospects, thus leading to better lives for themselves and their family.

Dream It, Be It Career Mentoring

Dream It, Be It is a Soroptimist International of the Americas program offering career support for girls 14-17. There has been a global need for mentorship and college and/or career readiness for young girls, and this program was designed to address this need.

SI Davis is grateful for our continued partnership with Martin Luther King Jr. High School, a local alternative high school, where we have distributed an adapted version of SIA's program to the female students since the 2015-2016 school year.

High School Scholarships

Each year, SI Davis invests in the dreams of seniors graduating from Davis Joint Unified School District. SI Davis awards scholarships to support these students' dreams to attend college or vocational school. All the scholarship recipients' accomplishments and dreams closely align with SIA's focus on empowering women as well as SIA's signature program, Dream It, Be It.
