### # Served

We permanently conserved 117 acres of farmland in 2019, bringing our total acreage of permanently conserved farmland to 11,454 acres.

### Mission Statement

Our mission is to conserve Yolo County lands so that:

- Agricultural productivity will continue
- Wildlife habitat will be sustained
- Open space will be preserved
- Our rural quality of life will be safeguarded

### PROGRAMS

Conservation easement agreements with private landowners resulting in permanent protection of farmland in Yolo County

Annual compliance monitoring of the conservation easement portfolio
